

REMARKS

This is made in response to the Restriction Requirement on 24 August 2010. Claims 1-7, 9-12, 14-17, and 27-29 are previously presented. Claims 8, 14, 18-20 and 22 are canceled. Claims 21 and 23-26 are withdrawn. The Restriction Requirement indicates that there are two inventions as follows:

Group I – claims 1-7, 9-12, 14-17 and 27-29 drawn to a dew-point cooler.

Group II – claims 21 and 23-26 drawn to a method of manufacturing an apparatus.

Applicant hereby elects Group I with traverse. Further, this election is made without prejudice to or disclaimer of the other claims or inventions disclosed.

Applicant respectfully submits that a proper restriction has not been made. Applicant submits that the Examiner has not given any indication as to why a different search would be required as between Group I and Group II. Indeed, Applicant submits that any search conducted for claim 21 would have to include the features of claim 1. As such, Applicant further submits that no undue burden exists for the Examiner to search for the invention in claims 1 and 21. Reconsideration and withdrawal of the Restriction Requirement, and consideration and allowance of all pending claims, are respectfully requested.
